Registration

Registration Steps	*Click on the images to zoom*
To get started, like anywhere else on the world wide web you'll **need to create an account** . Once you're on the Untap.in homepage you will see a login screen, simply **click "Create Account" to create an account** .	
Once you have clicked Create Account, you will be met with an option, you could either take the **Blue pill** (Register with Discord) or the **Green pill** (Register with Email).	

Registration Steps	*Click on the in*
The Blue Pill - Should you choose to create your Untap.in account using your existing Discord account you will be taken straight to the Discord authorization page. Simply click "Authorize" done. Piece o' cake.	

Registration Steps	*Click on the images to zoom*
The Green Pill - Should you c fashioned route and would like credentials, you'll be met with choose a desired username (t taken), enter your email and a access Untap.in with and you' *Don't forget to take a quick loo Privacy Policy and make sure you agree prior to registering.*	

Validation

Validation Steps	*Click on the images to zoom*
You may be eager to jump in, slap together a deck and dive head first into a game but WAIT! You'll need to **validate** the email address on your account before getting too far ahead of yourself.	
Never fear, **you should have received an email** looking similar to the one on the right that gives you a button to press to validate your account - nice and simple!	
If you haven't received a Validati **wait up to 30 minutes after r** (and check your spam folder). If haven't received it and you can't folder, navigate to your Account **re-send the validation email**.
